

ESENNAR[®] TRANSFORMERS

An ISO 9001, ISO 14001 & OHSAS 18001
Certified Company

Technically Honest Transformers™

Our Product Range

Solar Multiwinding

Upto 33kV class.

Cast Resin Transformer

Upto 33kV class.

Power

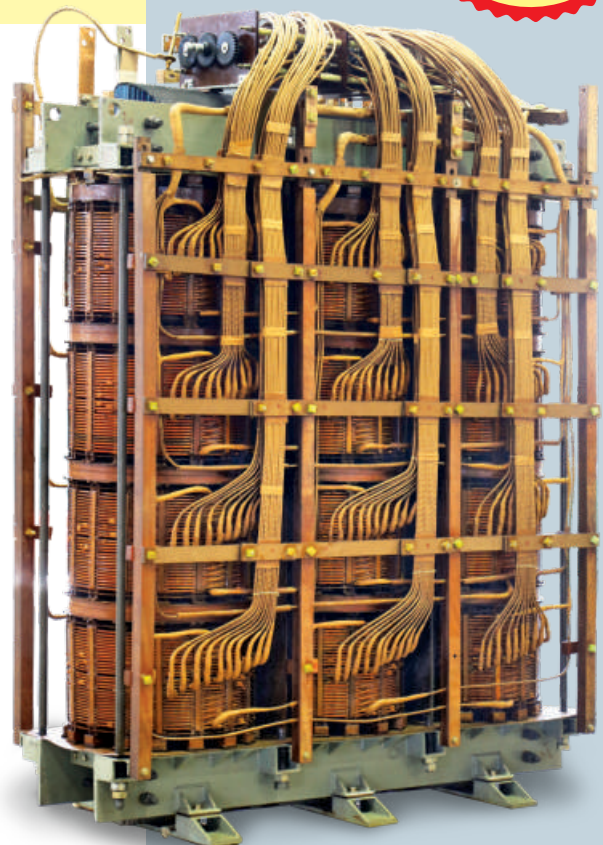

Upto 31.5 MVA
of 132 kV class.

**5.3 MVA, 1CCA 5 Winding,
Successfully passed
DYNAMIC SHORT CIRCUIT TEST
on First Attempt.**

Why ESENNAR ?

- Close to 2 decades of rich experience in Transformer manufacturing
- About 12,000 transformers are operating seamlessly across the country
- An ISO 9001, ISO 14001 & OHSAS 18001 Certified Organization
- Engineered Solution provider of transformers for solar applications
- Excellent operation reliability
- Complete in-house 3D design facility
- One of its kind fully Automated Test Labs
- Guaranteed after sales service network covering entire nation
- Widely approved by all the major organizations/PSU's/Consultants & EPC's.

SALIENT FEATURES	BENEFITS
Possibility to have two, three or four different windings on the low voltage side	Can be used by more inverters at the same time
Increased margin for core over excitation, withstanding high magnetizing inrush current	Prevents core saturation
"No load losses" are very low	Increases the overall efficiency of plant
Electro Static Shield	Provides a path to ground for any residual resonance, as result of harmonics
Uninterrupted Performance	Trouble free operation, Reliable
Life time guarantee on Transformer Losses	Assured quality and confidence
Supervision of 'Erection and commissioning' done by our highly qualified service engineers at your site	Assured expertise and hence trouble free operation
ALL INDIA Sales & Service Network	Quick Response and professional after sales service help on 24x7 basis
